

Vinarma Jayakaran R

Address: Begur, Bangalore, 560068 | **Phone:** 9916596410

Email: vinarmajayakaranr@gmail.com | **LinkedIn:** <https://www.linkedin.com/in/vinarma-jayakaran-r>

PROFESSIONAL SUMMARY:

BCA graduate with skills in full-stack web development, cybersecurity projects, and database management. Proficient in Python, Java, C++, JavaScript, React, HTML, CSS, MySQL, MongoDB, and Docker. Experienced in developing real-time applications and security-focused projects such as fraud detection and SSH brute force monitoring systems.

TECHNICAL SKILLS:

- **Programming Languages:** Python, C++, Java, JavaScript
- **Frontend & Frameworks:** React, HTML, CSS
- **Database Technologies:** MySQL, MongoDB
- **Deployment & Tools:** Docker

EDUCATION:

- **IFIM College** | BCA | 2023-2026 | CGPA: ~7.0
- **St. Francis PU College** | PUC | 2021-2023 | 79%
- **ACTS Secondary School** | SSLC | 2020-2021 | 80%

INTERSHIPS:

Company: RSR Technology

Duration: 1 Month

Banking and Inventory Management - Full stack Development

Key responsibilities:

- Built a full-stack app to manage banking and inventory processes.
- Worked on both front-end and back-end features.

Company: NTTF- Nettur Technical Training Foundation

Duration: 2 Month

- Built an SSH Brute Force Detector project using React.js, Node.js, Python, MongoDB, and Socket.IO

- Worked with Cisco Packet Tracer for network simulation, router/switch configuration, and VLAN implementation.

ACADEMIC PROJECTS:

– Fraud Tracker AI

Built a real-time AI-based Fraud Tracker System using React.js, Node.js, MongoDB, and Machine Learning for fraud detection, transaction monitoring, VPN/IP analysis, and live security analytics

CERTIFICATIONS & TRAINING:

- Introduction to Cybersecurity (Cisco Network Academy)
- Cyber Threat Management System (Cisco Network Academy)
- AI First Software Engineering (Infosys Springboard)
- Introduction of Python (Infosys Springboard)

EXTRA-CURRICULAR ACTIVITIES:

Social Immersion Project– Akshaya Patra Foundation

- Conducted 10-day study on Mid-Day Meal Scheme in government schools.
- Collected feedback and identified areas for improvement. Presented findings and suggestions to the NGO.

Caseathon - BNM Institute of Technology

- Participated in the event that included analyzing case study reports and delivering solution statements.
- Key skills used included attention to detail, in-depth analysis, problem identification, problem-solving skills

LANGUAGES:

- English | Kannada | Hindi | Telugu
